MEMORANDUM FOR: SPA-DD/S

SUBJECT : Revisions to the Global War Plan for Clandestine Operations

REFERENCE : Memorandum from C/WPS, dated 16 November 1960, subject as above

1. Referenced memorandum was referred by the SPA-DD/S to the Director of Training for comments or concurrence with respect to the changes proposed therein.

2. The Office of Training concurs in the proposed changes as presented. I would like, however, to offer the following suggestion for your consideration. The new Tab E to Appendix 1 to Annex A (tab title: TECHNICAL SERVICES) specifies that the CIA Force as a component command of the theater command will provide technical services

the U. S. Armed Services. It further specifies that this support will involve operational aids and services including "specialized training." This concept conforms to the principle contained in paragraph 1. f. (2) (a) of the OTR EMERGENCY, CONTINGENCY AND WAR PLAN; the cited paragraph states that TSS will conduct training in TSS skills and subjects for Agency and U. S. military personnel (with OTR coordination). It should be noted however that another new segment of war planning does not similarly recognize training implications; this is the new Tab F to Appendix 4 to Annex A (tab title: SECURITY POLICIES). This latter tab specifies that the CIA Force Commander will be responsible for security in support of all CIA elements and operations overseas, and lists a number of separate security responsibilities. It does not list "specialized security training" which could be a responsibility of

significant proportions. Allowance for such a responsibility has been made in paragraph 1. f. (2) (d) of the OTR EMERGENCY, CONTINGENCY AND WAR PLAN; the cited paragraph states that CIA components which contemplate component-conducted training courses in wartime will take a number of actions preparatory to D-day, in coordination with DTR. It is therefore suggested that "Specialized security training" be added to the list in paragraph 3 of Tab F to Appendix 4 to Annex A.
